U. Circuit Downtime and Credits

Credits shall be assessed against the Contractor in those instances where the circuit during any given month or year that fail to achieve and sustain the minimum acceptance standards stated above.

1. Definitions:

Circuit Availability Acceptance Level: Yearly Circuit Availability Acceptance Level is computed by 365 calendar days times 24 (hours per day) times 99.7% acceptance level equals 8,716.20 hours annum. ($365 \times 24 = 8760 \times 99.7\% = 8,733.72$). Monthly Circuit Availability is computed by the calendar days per month times 24 (hours per day) times 99.7% acceptance level (example: $31 \times 24 = 744 \times 99.7\% = 741.76$).

Downtime: That period of time when the circuit becomes non-operational or unusable for communication or transfer of data or failures to meet the minimum acceptance standards. The maximum cumulative Annual downtime that shall be acceptable for corrective or preventative maintenance is 26.28 hours ($8760 \times .3\%$). The maximum cumulative Monthly downtime that shall be acceptable for corrective or preventative maintenance shall be .3% of the total available hours for the month (example: $31 \times 24 = 744 \times .3\% = 2.23$ hours).

Period of Downtime: Downtime shall commence at the time first attempt for contact is made by the Government (or its representative) to the Contractor's Point of Contact and shall be

annotated on the Remedy Ticket and shall continue until the circuit is returned into Service by the Government.

Downtime Credits: Monetary value returned to the Government for failure to meet the Circuit availability requirements. Downtime Credits shall be assessed based on cumulative downtime time with the minimum assessment being one hour. Downtime credit shall be equal to the hourly or daily rate (as applicable) as identified in the schedule in Section B. There are two (2) situations when circuit Downtime Credits can be accumulated:

- 1) Below Availability Level,
- 2) Extended Downtime.

2. Credit for Circuit Downtime by Situation

Below Availability Level: If the downtime accumulated for a circuit adds up to 26.28 (8760 x 0.3%) cumulative hours or more during any one contract year (365 calendar days) or depending on the number of hours for the month (example 744 x .3%) cumulative hours per month (example: 31 calendar day month) the Contractor shall grant an hourly credit to the Government for each hour of downtime. Each additional one-hour increment or portion thereof will be assessed as an additional hour.

Extended Downtime Credit(s): Cumulative time of more than 18 hours but not greater than 24 hours for any one outage shall be assessed at a daily rate. Any increment of 24 hours beyond the initial 24 hours of any one outage shall be assessed at the standards for the hourly rate up to 12 hours, however between 12 and 24 hours the credit shall be assessed at the daily rate.

3. Exceptions to Cumulating of Downtime

Cumulating of circuit downtime shall include all unscheduled downtime deemed to be the responsibility of the Contractor, with the following exceptions:

a. When the failure to perform arises out of causes beyond the control and without the fault or negligence of the Contractor or Sub-contractor as defined in the Termination for Default clause in Section I of this contract.

b. Malfunction of equipment, frequency fading and interference, errors of commission and/or omission by the Contractor or Sub-contractor, and commercial power surges or failures are considered to be normal hazards of the industry and therefore do not qualify as causes beyond the control of the Contractor or Sub-contractor. The Contractor shall be charged with credits for all reported outages determined “no trouble found” or “came clear while testing” but which exceed 45 minutes.

The Contracting Officer shall make final determination as to whether downtime is the responsibility of the Contractor. If requested by the Contracting Officer, the Contractor shall provide documentation to support claims of excusable downtime. For downtime determined to be the Contractor’s responsibility, the Contracting Officer may elect to assess a credit for each instance of non-performance.

4. Payment Reduction for Downtime Credits

When Circuit Downtime credit(s) is owed to the Government, the total number of creditable hours shall be accumulated for the month and will be deducted from the payment due the Contractor in the month they accrued.

5. Trouble Escalation Procedure

a. The Government shall refer the problem to the carrier after performing tests as prescribed in the Trouble Analysis procedure. Obtain the name of the carrier test person and a carrier ticket number; record this information on the Government's Remedy Ticket.

b. After the trouble has been referred to the carrier for two (2) hours, recall the carrier for an update on the current trouble. Record the carrier's response, the name of the individual you talked with, and the carrier ticket number on the Remedy Ticket.

c. After the trouble has been referred to the carrier for four (4) hours, recall the carrier for an update on the current trouble. If the carrier's response is not satisfactory escalate the trouble to the carrier's management. Record the carrier's response, the name of the individual you talked with, and the carrier ticket number on the Remedy Ticket.

d. After the trouble has been referred to the Contractor for six (6) hours the COR shall escalate the trouble to the Contractor's manager; also notify IRM/IMO and the Contracting Officer and the STATE IRM/ISC Office. Record the contractor's response, the name of the individual you talked with, the Contractor ticket number, and the names of the IRM managers that were notified on the Remedy Ticket.

The Contractor may propose for the Government's technological refreshment, substitutions or additions for any provided products or services that may become available as a result of technological improvements. The Government may, at any time during the term of this contract or any extensions thereof, modify the contract to acquire products which are similar to those under the contract and that the Contractor has, or has not, formally announced for marketing purposes. This action is considered to be within the scope of the contract. At the option of the Government, a demonstration of the substitute product may be required. The Government is under no obligation to modify the contract in response to the proposed additions or substitutions.

Such substitutions or additions may include any part of, or all of, a given product(s) provided that the following conditions are met and substantiated by documentation in the technological refreshment proposal:

- a. The proposed product(s) shall meet all of the technical specifications of this document and conform to the terms and conditions cited in the contract.
- b. The proposed product(s) shall have the capacity, performance, or functional characteristics equal to or greater than, the current product(s).
- c. The proposal shall discuss the impact on hardware, services, and delivery schedules. The cost of the changes not specifically addressed in the proposal shall be borne entirely by the Contractor.
- d. Contractor has the right to withdraw, in whole or in part, any technological refreshment proposal prior to acceptance by the Government. Contractor will use commercially reasonable efforts to ensure that prices for substitutions or additions are comparable to replaced or discontinued products. If a technological refreshment proposal is accepted and made a part of this contract, an equitable adjustment, increasing or decreasing the contract price, may be required and any other affected provisions of this contract shall be made in accordance with FAR clause 52.212-4, paragraph (c), Changes, and other applicable clauses of the contract.

52.229-12 TAX ON CERTAIN FOREIGN PROCUREMENTS – NOTICE AND REPRESENTATIONS (FEB 2021)

(a) *Definitions.* As used in this clause—

Foreign person means any person other than a United States person.

United States person, as defined in [26 U.S.C. 7701\(a\)\(30\)](#), means—

- (1) A citizen or resident of the United States;
- (2) A domestic partnership;
- (3) A domestic corporation;
- (4) Any estate (other than a foreign estate, within the meaning of [26 U.S.C. 7701\(a\)\(31\)](#)); and
- (5) Any trust if-

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) This clause applies only to foreign persons. It implements [26 U.S.C. 5000C](#) and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c)

(1) If the Contractor is a foreign person and has only a partial or no exemption to the withholding, the Contractor shall include the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, with each voucher or invoice submitted under this contract throughout the period in which this status is applicable. The excise tax withholding is applied at the payment level, not at the contract level. The Contractor should revise each IRS Form W-14 submission to reflect the exemption (if any) that applies to that particular invoice, such as a different exemption applying. In the absence of a completed IRS Form W-14 accompanying a payment request, the default withholding percentage is 2 percent for the section 5000C withholding for that payment request. Information about IRS Form W-14 and its separate instructions is available via the internet at www.irs.gov/w14.

(2) If the Contractor is a foreign person and has indicated in its offer in the provision [52.229-11](#), Tax on Certain Foreign Procurements—Notice and Representation, that it is fully exempt from the withholding, and certified the full exemption on the IRS Form W-14, and if that full exemption no longer applies due to a change in circumstances during the performance of the contract that causes the Contractor to become subject to the withholding for the 2 percent excise tax then the Contractor shall—

(i) Notify the Contracting Officer within 30 days of a change in circumstances that causes the Contractor to be subject to the excise tax withholding under [26 U.S.C. 5000C](#); and

(ii) Comply with paragraph (c)(1) of this clause.

(d) The Government will withhold a full 2 percent of each payment unless the Contractor claims an exemption. If the Contractor enters a ratio in Line 12 of the IRS Form W-14, the result of Line 11 divided by Line 10, the Government will withhold from each payment an amount equal to 2 percent multiplied by the contract ratio. If the Contractor marks box 9 of the IRS Form W-14 (rather than completes Lines 10 through 12), the Contractor must identify and enter the specific exempt and nonexempt amounts in Line 15 of the IRS Form W-14; the Government will then withhold 2 percent only from the nonexempt amount. See the IRS Form W-14 and its instructions.

(e) Exemptions from the withholding under this clause are described at 26 CFR 1.5000C-1(d)(5) through (7). Any exemption claimed and self-certified on the IRS Form W-14 is subject

to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue.

(f) Taxes imposed under 26 U.S.C. 5000C may not be—

- (1) Included in the contract price; nor
- (2) Reimbursed.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.

The Contractor shall maintain artifacts that document its compliance with this paragraph and shall provide these artifacts to the Government within 48 hours of request.

This selection process will utilize FAR 13 procedures.

After preliminary consideration of all offers, the Department will no longer consider offers that do not meet basic standards to be eligible for award. The offers that remain will be subject to a comparative evaluation.

The preliminary evaluation process shall include the following:

COMPLIANCE REVIEW. The Government will perform an initial review of proposals/quotations received to determine completeness and compliance with the terms of the solicitation to include **CYBERSECURITY SUPPLY CHAIN RISK MANAGEMENT (C-SCRM) Go/No-Go Evaluation Factor**. The Government may reject as unacceptable proposals/quotations that do not conform to the solicitation. Offers must provide evidence that minimum technical requirements as expressed in the statement of work, section 2 are met as a condition to entering into the comparative evaluation phase of the acquisition.

C-SCRM Go/No-Go Evaluation Factor

This factor is evaluated on a go/no-go basis. The Government will evaluate whether the submitted C-SCRM Questionnaire and C-SCRM Software Producer Attestation Form meet the definition for the “Go” or “No-Go” ratings for this factor. The “Go” and “No-Go” ratings and their definitions are as follows:

RATING	RATING DEFINITION
---------------	--------------------------

GO	The proposal meets the criteria in the following two (2) paragraphs. The C-SCRM Questionnaire meets all of the following: (1) complies with the C-SCRM Questionnaire’s instructions; and (2) contains “Yes” answers for all questions in Sections 2 and 3 of the questionnaire.
-----------	---

For vendors offering critical software, the C-SCRM Software Producer Attestation Form is completed for each software producer and meets the following: (1) name of software producer is provided; (2) description of which product or products the statement refers to is provided; and (3) contains a statement attesting that the software products listed in Item Number 1.3 of this form follow the Secure Software Development Framework (SSDF) as identified in NIST SP 800-218.

NO-GO The proposal **does not meet** one (1) or more of the criteria in the following two (2) paragraphs.
The C-SCRM Questionnaire meets all the following: (1) complies with the C-SCRM Questionnaire's instructions; and (2) contains "Yes" answers for all questions in the C-SCRM Questionnaire.
For vendors offering critical software, the C-SCRM Software Producer Attestation Form is completed for each software producer and meets the following: (1) name of software producer is provided; (2) description of which product or products the statement refers to is provided; and (3) contains a statement attesting that the software products listed in Item Number 1.3 of this form follow the SSDF as identified in NIST SP 800-218.

Comparative Evaluation

A comparative evaluation will be performed in accordance with FAR 13.106-2(b)(3). A comparative evaluation is defined as the act of comparing two or more offers in response to the RFQ. The item-by-item comparison is performed by comparing each offer to directly to one another to determine which provides the best value to the Department utilizing **technical, past performance criteria and price** as described below. **This is NOT a low price technically acceptable or trade-off process. This solicitation neither requires nor prohibits the selection of the lowest priced acceptable offer.**

Evaluation Criteria

Technical: Technical will be evaluated on the basis of a direct comparison to other offers to discern if there is any kind of technical quality superiority that would support an award to a higher priced offer.

Technical discriminators by requirement may include: (refer to table in the following page).

MINIMUM TECHNICAL REQUIREMENTS	Non-Price/Quality Discriminators
Speed - The bandwidth available across all lines of service (OpenNet VPN, OpenNet Extension, Dedicated Internet Network, Internet) as established in the solicitation.	Bandwidth in excess of required minimum of 30,720kbps (30Mbps).
Speed - The bandwidth available at CMR (OpenNet Extension) as established in the solicitation.	Bandwidth in excess of required minimum of 10,240 Kbps (10Mbps).
FTTH Internet for CMR	minimum bandwidth shared in excess of 300Mbps
FTTH Internet for the MSGR and AmCorner	minimum bandwidth shared in excess of 500Mbps
Number of IP Addresses	Number of addresses in excess of required minimums of 16.

Past Performance: Past performance will be evaluated on the basis of a direct comparison to other offers to discern if there is any significant past performance superiority that would support an award to a higher priced offer. Past performance as a discriminator may be appropriate where based on the offeror's performance record, the Government has a high expectation that the offeror will successfully perform the required effort.

Price will be evaluated to ensure the proposed price is fair and reasonable. The price will be determined by multiplying the offered prices times the estimated quantities in "Prices - Continuation of SF-1449, block 23", and arriving at a grand total, including all options. The Government reserves the right to reject proposals that are unreasonably low or high in price.

RESPONSIBILITY DETERMINATION. The Government will determine contractor responsibility by analyzing whether the apparent successful offeror complies with the requirements of FAR 9.1, including:

- Adequate financial resources or the ability to obtain them;
- Ability to comply with the required performance period, taking into consideration all existing commercial and governmental business commitments;
- Satisfactory record of integrity and business ethics;

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at [9.104-5\(a\)\(2\)](#) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined*. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) *Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126).* [The Contracting Officer must list in paragraph (i)(1) any end products being acquired under this solicitation that are included in the List of Products Requiring Contractor Certification as to Forced or Indentured Child Labor, unless excluded at [22.1503\(b\)](#).]

(iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

52.229-11 TAX ON CERTAIN FOREIGN PROCUREMENTS – NOTICE AND REPRESENTATION (JUN 2020)

(a) *Definitions.* As used in this provision—

Foreign person means any person other than a United States person.

Specified Federal procurement payment means any payment made pursuant to a contract with a foreign contracting party that is for goods, manufactured or produced, or services provided in a foreign country that is not a party to an international procurement agreement with the United States. For purposes of the prior sentence, a foreign country does not include an outlying area.

United States person as defined in 26 U.S.C. 7701(a)(30) means—

(1) A citizen or resident of the United States;

(2) A domestic partnership;

(3) A domestic corporation;

(4) Any estate (other than a foreign estate, within the meaning of 26 U.S.C. 701(a)(31)); and

(5) Any trust if—

(i) A court within the United States is able to exercise primary supervision over the administration of the trust; and

(ii) One or more United States persons have the authority to control all substantial decisions of the trust.

(b) Unless exempted, there is a 2 percent tax of the amount of a specified Federal procurement payment on any foreign person receiving such payment. See 26 U.S.C. 5000C and its implementing regulations at 26 CFR 1.5000C-1 through 1.5000C-7.

(c) Exemptions from withholding under this provision are described at 26 CFR 1.5000C-1(d)(5) through (7). The Offeror would claim an exemption from the withholding by using the Department of the Treasury Internal Revenue Service Form W-14, Certificate of Foreign Contracting Party Receiving Federal Procurement Payments, available via the internet at www.irs.gov/w14. Any exemption claimed and self-certified on the IRS Form W-14 is subject to audit by the IRS. Any disputes regarding the imposition and collection of the 26 U.S.C. 5000C tax are adjudicated by the IRS as the 26 U.S.C. 5000C tax is a tax matter, not a contract issue. The IRS Form W-14 is provided to the acquiring agency rather than to the IRS.

(d) For purposes of withholding under 26 U.S.C. 5000C, the Offeror represents that—

(1) It ☐ is ☐ is not a foreign person; and

(2) If the Offeror indicates “is” in paragraph (d)(1) of this provision, then the Offeror represents that—I am claiming on the IRS Form W-14 ☐ a full exemption, or ☐ partial or no exemption [*Offeror shall select one*] from the excise tax.

(e) If the Offeror represents it is a foreign person in paragraph (d)(1) of this provision, then—

(1) The clause at FAR 52.229-12, Tax on Certain Foreign Procurements, will be included in any resulting contract; and

(2) The Offeror shall submit with its offer the IRS Form W-14. If the IRS Form W-14 is not submitted with the offer, exemptions will not be applied to any resulting contract and the Government will withhold a full 2 percent of each payment.

(f) If the Offeror selects “is” in paragraph (d)(1) and “partial or no exemption” in paragraph (d)(2) of this provision, the Offeror will be subject to withholding in accordance with the clause at FAR 52.229-12, Tax on Certain Foreign Procurements, in any resulting contract.

(g) A taxpayer may, for a fee, seek advice from the Internal Revenue Service (IRS) as to the proper tax treatment of a transaction. This is called a private letter ruling. Also, the IRS may publish a revenue ruling, which is an official interpretation by the IRS of the Internal Revenue Code, related statutes, tax treaties, and regulations. A revenue ruling is the conclusion of the IRS on how the law is applied to a specific set of facts. **For questions relating to the interpretation of the IRS regulations go to <https://www.irs.gov/help/tax-law-questions>.**
